

SPIRIT-U-ALL®

CONVERSATIONS THAT ENLIGHTEN LIVES

MAY 4, 2019 | 3-5 PM
REGISTER NOW!

We see life unfolding in contrasts. Day exists along with night, love with fear, trust with doubt, abundance with lack and peace with chaos! Our experiences in life also are felt, responded and articulated in contrasts - positives and negatives. Is it possible to take experiences as they are and not know them as positive or negative? Is it possible to be in a zone of as-is? What would that mean? How would that feel? Would life feel any different?

Come join us in an experiential session of Spirit-U-All, an unconditional and non-judgmental space created by Aashwasan just for you to share, express, introspect and inquire into the secrets of your experience, and uncover answers to the questions that might have been in you for years as an unexpressed sense. Aashwasan Practitioners will facilitate the forum.
